PB SWISS TOOLS

Dear readers

Tidiness, cleanliness and system are prerequisites for a high degree of customer satisfaction: The 5S method teaches us to reduce or to avoid time spent on searching and long distances.

The organization of the workplace according to 5S creates transparency, tidiness and cleanliness. It improves productivity, quality and safety at the workplace. PB Swiss Tools is one of many manufacturers who are motivating their employees to work according to the 5S method.

You will find tools in signal colors in our product range. They facilitate and shorten the work process. For this reason, the color coding is the ideal support in implementing the 5S method.

Kind regards,

Eva Jaisli

CEO, Chief Executive Officer
e.jaisli@pbswisstools.com

Supports the work process according to the 5S method:

- Sort
- Set in order
- Shine
- Standardize
- Sustain

COLOR CODE

Products in signal colors from PB Swiss Tools facilitate the work process by quickly finding and allocating the sizes. The color coding provides safety for the correct application.

The advantages

COLOR CODE INNOVATIONS

1 PB 8192 RB SwissGrip screwdriver

Now also available as Pozidrive, individually or as a set (PB 8243 RB). Handle color assigned by handle size. The soft handle coating made of skin-friendly Santoprene® transfers high torque without ease.

2 Hex key L-wrenches in new set sizes

PB 210 H RB, PB 212 H RB, PB 212 LH RB: now also available in sizes 1.5–5 mm and 1.5–6 mm. The proven RainBow color coding allows quickly recognizing the desired size.

3 PB 16800 screwdriver with interchangeable blade for slotted and Phillips screws

New in 6 colors. For all small screws, such as those on glasses, cameras, video cameras, model-making.

4 PB 6100 M Trendy magnetic holders with multicraft handle

A multicraft handle with strong magnet for fixing all the important information. Holding force approx. 1500 g. Suitable for all steel and iron surfaces.

Available in 6 colors, individually or arranged in a set.

5 PB 8452 M SET SwissGrip screwdriver, short: Stubby with bit magazine

Practical: Thanks to the newly developed bit magazine and the stubby handle with magnetic holder, the four most important bits are always within reach. Available in 2 versions; for slotted/Phillips screws and slotted/Torx® screws.

The desired tool always at your fingertips
